

## High Power LED Tunnel Light

### Our Product Introduction

for more products please visit us on [solarpanelstreetlight.com](http://solarpanelstreetlight.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: CO-SHINE
- Certification: CE Rohs
- Model Number: CS-FG-100W
- Minimum Order Quantity: 20
- Price: negotiation
- Packaging Details: Bubble bag + Carton
- Payment Terms: Western Union, L/C, T/T
- Supply Ability: 2000 pieces per Month

#### Product Specification

- Product Name: 100w Adjustable Led Tunnel Light
- Material: Aluminum
- Power: 100w
- Input Voltage: AC90-277V
- Color Temperature: 3000-3500K,3500-4000K,4000-4500K,4500-5000K,5500K-6500K
- Beam Angle(°): 60°90°120°
- LED Chip: SMD3030
- Application: Building, Park Factory,Billboard ,tunnel ,warehouse,large Supper Market,stadiums, Docks ,or Other City Lighting Projects .
- Highlight: led tunnel lamp

## Product Description

### New Design Led Tunnel Light Meanwell Driver Bridgelux 100w High Power

#### Applications

LED tunnel Lights are widely used in other places need outdoor lighting trunk roads, highways, elevated roads, city streets, bridges, sidewalks and other road lighting, as well as squares, schools, residential areas, industrial zones and parks.

| Main Specification |            |
|--------------------|------------|
| Material           | Aluminum   |
| Input voltage      | AC90-277V  |
| Power              | 100W       |
| LED Chip           | SMD3030    |
| Color temperature  | 3000-6500K |
| Luminous flux      | 12000lm    |
| color              | Black      |
| waterproof         | IP65       |
| Warranty           | 5 years    |

#### Specification

1. More Power: 100W, 150W, 200W, 240W
2. Each module can rotate the Angle of irradiation independently
3. 13 bracket adjustment points, 120 degree whole lamp Angle adjustable
4. The combination of three kinds of optical lenses, the combination of the secondary light and the adjustable Angle of the module, makes the lighting effect more flexible
5. High efficiency LED lighting lamp, whole lamp life can reach 50,000 hours, save more than 80%
6. Adopt the first line brand led chip, the quality is stable, the color difference is low, the color is high
7. The driving solution is to use the constant current output plan for many years of stability to ensure LED stabilization, Lightning protection, surge resistance, high conversion efficiency

#### Features

High power, high efficiency, low energy consumption.  
Shell: aluminum alloy materials.  
Light source: with low attenuation process encapsulation of the LED white light.  
Power supply: constant current; protection of over-current, over-voltage and high temperature.  
Perfect lighting effect, fast starting, low power consumption, no ultraviolet and infrared radiation.

#### Benefits

- Directly replacing HPS/MHD light source
- Polygonal, easy to install and replace
- Utilizing same lighting fixture, saving investment cost

#### FAQ

**Q1.** Can I have a sample order for led light?

A: Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

**Q2.** What about the lead time?

A: Sample needs 3-5 days, mass production time needs 1-2 weeks for order quantity more than

**Q3.** Do you have any MOQ limit for led light order?

A: Low MOQ, 1pc for sample checking is available

**Q4.** How do you ship the goods and how long does it take to arrive?

A: We usually ship by DHL, UPS, FedEx or TNT. It usually takes 3-5 days to arrive. Airline and sea shipping also optional.

**Q5.** How to proceed an order for led light?

A: Firstly let us know your requirements or application.

Secondly We quote according to your requirements or our suggestions.

Thirdly customer confirms the samples and places deposit for formal order.

Fourthly We arrange the production.

**Q6:** Is it OK to print my logo on led light product?

A: Yes. Please inform us formally before our production and confirm the design firstly based on our sample.

**Q7:** Do you offer guarantee for the products?

A: Yes, we offer 3-5 years warranty to our products.

**Q8:** How to deal with the faulty?

A: Firstly, Our products are produced in strict quality control system and the defective rate will be less than 0.2%.

Secondly, during the guarantee period, we will send new lights with new order for small quantity. For defective batch products, we will repair them and resend them to you or we can discuss the solution including re-call according to real situation.
