Product Description

5cm Ultra Thin 40Watt LED Studio lights 5600K / 3200K Dimmalbe

LS 5cm Ultra thin 40W LED Studio lights 5600K/3200K Photo Studio light dimmalbe

Product Description

LS LED Studio lights C-518ASV is a kind of new tech light which is different to the traditional LED light. The LEDs are in the lateral of the lighthousing and the beam is reflected from the inside layer of the diffusion material. The beam is so soft people can look directly to the light with no harm to the eye. And C-518ASV is the Bi-color version variable from 5600K to 3200K and illuminance change from 100% to 10%. The light is AC powered with external AC power adapter or DC powered with the included SONY type F series batteries of the SONY V type battery (it is not included) in the light) via the V mount on the light.
