Product Description

Ultra Soft 5600K LED Studio Light Kit High Lumen CRI Around 92 to 95

LS LED Studio light kit C-608AV Soft light kit, soft and with 5600K Color Temperature

Product Description

LED Studio light C-608AV is a new generation light from Lishuai company. It is the ultra soft light with LEDs on the lateral of the lighthouse and the beam is reflected from the inside layer of the diffusion material. The beam is so soft people can look directly to the light with no harm to the eyes. It is made of Aluminum, sturdy and suitable for outside location work with the hard case it included.

The light technology make sure works silent and flicker free. It is powered by the universal 100-240V with the AC power adapter or the battery option of 14.8V-16.8V. The NP-F series battery can work with the light. Included with the light, it is Sony Kind NP-F960 batteries 2pcs. And together, battery charger and charger adapter are come with the light. Thanks to the bag, all accessories comes in order to you.
