

Professional Photography Studio Light , Bi Color Dimmable Studio Lights For Video

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: LS
- Certification: CE, RoHS
- Model Number: V-2000ASVL
- Minimum Order Quantity: 20
- Price: Negotiation
- Packaging Details: 2 pcs per cartons
- Delivery Time: 10-45 work days
- Payment Terms: T/T
- Supply Ability: 500pcs per month

Product Specification

- Product Name: VictorSoft 1x1
- Model No.: V-2000ASVL
- LED: 1024 Pcs Of Ultra Bright LEDs
- Illuminance: 2565Lux/m, 685Lux/2m
- Color Temperature: 3200±150K~5600K±300K
- CRI: ≥96
- Voltage: AC100-240V, DC24-30V
- Beam Angle: 120°
- Highlight: photography studio light

Product Description

Ultra-bright, Professional LED Studio Lights Bi-color Dimmable 100W Video Light

Product Specifications

LED Light Source	LEDs
Power draw	100W
TLCI	≥96
Lamp Lifetime	50,000 hrs
Working Voltage	AC100-240V, DC24-30V
Dimension	45x55x9cm
Weight	6.4 kg (14.08 lb)
Illuminance	2565Lux/m, 685Lux/2m
Accessories included	Barndoor, Yoke, AC power adapter, Power Cord, DMX cable, Safety cable
Optional Accessories	Honeycomb Grid, Carrying Bag

Standard set Included

Packing list:

VictorSoft 1X1

- ① V-2000A(S)VL--1PC ② Barndoor--1PC ③ Velcro strap--2PCS
- ④ Power cord--1PC ⑤ DMX cable--1PC ⑥ Safety cable--1PC
- ⑦ Instruction manual--1PC ⑧ AC power adapter 120W--1PC

Optional accessories:

Honeycomb Grid
Bag for one light

Main Features

VictorSoft (strong and soft) that no additional diffuser need.
Power draw 100W via AC power adapter or V-lock broadcasting battery
Removable, clip-in 4-way barndoor, provided with the light.
Bi-color 3200K to 5600K, from Tungsten to Daylight variable.
High CRI of 96 and above.
120° wide beam, flicker free.
Rear LCD display of the brightness and color temperature.
Metal construction and traditional 1x1 size
Easy to operate when out of the box, used for both studio or location work as a photo light.

Name of the parts:

VictorSoft 1x1 V-2000ASVL is a powerful soft light. It draws 100W and gives a rather beautiful and strong but soft light beam with no hotspots and multiple showdows that a traditional LED light may have. The light has a built-in diffuser that people do not need to use additional white diffusers. It becomes so easy to operate when out of the box. Put it on a light stand, clip in the barndoor and then power the light with the provided AC power adatper and power cord. Or use it in the Studio with the DMX function of the light.

Cautions:

1. It is no need to replace the LED bulbs in normal use. Please do not disassemble the light or solder the LED bulbs by the non-professionals.
2. Please do take off the batteries when in storage.
3. Please do not block the louvers, or it may seriously influence LEDs' effect and lifetime.

4. The charger adapter is used for battery charging only. Please do not use on the light directly.
5. Please do discharge and recharge the battery at least once for every month if it is not in use.
6. It is not allowed to drop or impact the light to avoid fire.
7. It is not allowed to short circuit the battery, or it may seriously damage the battery or cause a fire.
8. It is not allowed to throw the battery into fire.

Warranty:

The LED light is guaranteed for 12 months.
