

High Lumens Led Panel Downlight SMD2835 Less Heat Dissipation Long Lifespan

Our Product Introduction

for more products please visit us on solarpanelstreetlight.com

Basic Information

- Place of Origin: China
- Brand Name: Aina Lighting
- Certification: CE rohs
- Model Number: 6060
- Minimum Order Quantity: 10pcs
- Price: According to the quantity
- Delivery Time: 8 work days
- Payment Terms: T/T
- Supply Ability: 500 pcs per day

AVAILABLE SIZES

- 600x600mm
- 300x1200mm
- 600x1200mm
- 620x620mm

Product Specification

- Certification: CE, RoHS, EMC
- Light Source: LED
- Input Voltage(v): AC85-265V, AC220-240V
- Warranty(years): 5
- CRI (ra>): 80
- Ip Rating: 40
- Working Lifetime(hour): 50000
- Led Light Source: SMD2835
- Highlight: led slim downlights

Product Description

Led Panel Downlight

Features

2 Side Edge-lit , less heat dissipation, Longer Lifespan
 100% PMMA Light Guide Plate, never yellowing
 Flicker free index<0.02%
 Patent design to avoid blue light & Water ripper and light spot

Model	Wattage(W)	Efficacy(lm/w)	CCT(K)	CRI
600x600	26/30/36/40	100/110/120	3000/4000/5000	>80
300x1200	26/30/36/40	100/110/120	3000/4000/5000	>80
600x1200	50	100/110/120	3000/4000/5000	>80
620X620	36/40	100/110/120	3000/4000/5000	>80

Packge

Installation

Innovative product,Light is even, no dark area
 Compared with flat panel, backlit is more competitive,20-30% cheaper than side light
 Compared with 3.0cm backlit, the volume and transportation cost are reduced by one third
 No LGP,No yellowing for three to five years
 More than twenty configurations to meet different need
 Chip's working temperature is low, lengthen lifespan
 Chip:Imported high lumen copper 2835 chip, high temperature resistance & long lifespan
 Good quality aluminum, good heat sink
 Adjustable cut hole, reduce customer's stock
