Packing & Transport

Thanks to our experienced working staffs, and honest business concept, our products are always welcomed by clients worldwide. Now we have built our own semi-auto-matic LED driver production lines completed with 4 sets Samsung high speed SMT machine, 2 sets reflow soldering machine and a set of wave-soldering machine.

Apart from these hard equipment, great effort has been made to ensure the good quality, no matter on product developing, raw material sourcing, product process improvement or quality inspection. So our products are of high quality, and most are SAA CE RoHS certified.

We also understand that, technical innovation is the original power of growth. Our engineers are keeping developing more beautiful, useful, reliable, and cost competitive light products everyday. If you can't find items in our product lines, please contact us with more details. We could produce as you required. Hope Silang Lighting could be your premium LED light business partner.
